Grout Joint Recommendation	Shade Variation
1/8" Approximately	 High (V3) to Random (V4)

TEST RESULTS

	ASTM#	Result
Water Absorption	C373	< 0.5%
Breaking Strength	C648	> 100 lbs.
Scratch Hardness	MOHS	4.0
Chemical Resistance	C650	Resistant

NOTES

Strong random shading enhances the natural beauty of this product. To achieve optimal results, tile should be selected from multiple cartons and shading arrangement planned prior to installation.

Since there are variations in all glass products, tile and trim supplied for your particular installation may not match these samples. Final color selection should be made from actual tiles and trim and not from tile samples or color reproductions. Manufactured in accordance with ANSI A137.2 standards.
